**AHPRA in
Educational and
Developmental
Psychology currently
requires 8 years of
training or equivalent
experience.**

8 YRS

Lifespan Perspective

Educational and Developmental Psychologists have advanced skills working in clinical, community and educational settings with clients of all ages from infancy to older age.

Counselling

Focused, evidence-based, clinical services including psychological strategies and therapy delivered in-person or via video conference.

Intervention

Interventions informed by the latest research for behaviour and functional support, skills, coaching, and psychotherapy with individuals and groups.

Assessment

Evidence-based, developmentally appropriate clinical assessment of mental health, personality, cognitive ability, neurodevelopmental disorders, developmental delay, communication and behaviour problems.

All Fellows of the
**APS College of
