

## **Preparation, Submission and Publication of Manuscripts**

### **Manuscripts**

*The Australian Community Psychologist* publishes work that is of relevance to community psychologists and others interested in the field. Research reports should be methodologically sound. Theoretical or area review papers are welcomed, as are letters, brief reports and papers by newer contributors to the discipline. Contributions towards the four sections of the journal are sought.

*The Australian Community Psychologist* is published twice per year and online and is available via the website of the Australian Psychological Society's College of Community Psychologists' page (<http://www.groups.psychology.org.au/GroupContent.aspx?ID=4395>).

### **Articles**

Contributions are state of the art reviews of professional and applied areas and reviews and essays on matters of general relevance to community psychologists. They may be up to 10,000 words, including all tables, figures and references; however, authors should be as concise as possible.

### **Research Reports**

This section is for the publication of empirical research reports relevant to community psychology theory, method, and practice. They may be up to 10,000 words, including all tables, figures and references; however, authors should be as concise as possible.
