### Explanatory Notes

#### Individual Supervision:

This may include supervision for purposes of Registration (NSW Psych Reg. Board accreditation required) or general supervision around clinical practice. Supervision can be organised on a regular (eg. monthly) or on as required basis. This is usually a fee for service arrangement.

#### Group Supervision:

Offered to groups of practitioners around work practice, clinical or case study issues.

#### Mentoring:

Offered to beginning practitioners around career planning, practice/ethical issues, support and encouragement around professional development. This is not a fee for service arrangement, but aimed at the encouragement of new professionals and would usually be time limited.
